

This sheet contains the keywords for supplementary Oracle-X cards 247 to 316. As with previous releases, Oracle-X owners are free to add their own keywords and interpretations as appropriate to themselves. Each card has been designed to work with all previous cards.

These 24 additional cards allow Oracle-X owners to be able to enhance their personal unique deck. This opens up the possibility of richer, deeper, and more accurate readings for yourself and those whom you might read. The ability to customise your deck is unique to Oracle-X. We recommend only selecting the cards to add to your deck that feel relevant to you at this point in time.
